Introduction

Brands Hatch, Oulton Park, Snetterton and Cadwell Park are gearing up for a superb season of motorsport in 2009. Thanks to an ongoing multi-million pound investment from MotorSport Vision, all four circuits offer high-profile national or international events, together with an action-packed calendar of exciting national and club-level racing.

As a result the crowds are back and with tens of thousands of dedicated fans flooding through the gates almost every weekend between 29 March and 1 November, the potential for traders to capitalise is better than ever.

Calendar & Prices 2009 – Major Car Events

A1GP World Cup of Motorsport

A1GP is the fastest four-wheeled event on Brands Hatch's calendar and is renowned for producing exciting racing, spectacular entertainment and a party atmosphere. For the fourth consecutive season, Brands Hatch is the only UK track that this prestigious international series will visit, and this event marks the UK debut of the new Powered by Ferrari car.

DTM

The flame-spitting DTM vehicles are the world's most powerful touring cars and produce some of the closest duels on the Brands Hatch Indy circuit. With fierce rivalry between manufacturers Audi and Mercedes, DTM's annual visit to Kent is always a fantastic display of wheel-to-wheel action and super-fast pit stops.

FIA World Touring Car Championship

2009 marks the World Touring Car Championship's fourth visit to Brands Hatch. There will be plenty of British talent to support among the field of top international drivers, including triple champion Andy Priaulx. Alongside World Touring Cars, Formula Two is poised to return to the tarmac after a 25 year absence and Brands Hatch will host the first UK round of the FIA-backed championship.

British Touring Car Championship

The BTCC attracted record crowds at MSV circuits in 2008, and the series returns this season to Oulton Park, Brands Hatch and Snetterton. There are changes throughout the grid for 2009 including Andrew Jordan's promotion to VX Racing alongside Matt Neal and reigning champion Fabrizio Giovanardi, and the return of Ford.

Oulton Park Gold Cup

The Gold Cup is the jewel in the crown of historic racing at Oulton Park. After starting out as a 1960s non-championship Formula One race, it has developed into a hugely popular event for the finest historic saloon cars, sports cars and single seaters, attracting over 400 entrants in 2008.

Truck Superprix

Brands Hatch will host two truck racing events this year, and the spectacle of five-tonne powerhouses piling into Paddock Hill Bend attracts both petrolheads and motor racing novices. Topping the bill will be the British Truck Racing Championship, featuring eight-time champion Stuart Oliver.

F3/GT

With two major series for the price of one, the British F3 and GT Championships provide some of the most exciting and diverse racing on the 2009 MSV calendar. F3/GT will visit Brands Hatch, Snetterton and Oulton Park this season with two races from each championship at every round.
